Dazzling DONUTS

Kim founded Dazzling Donuts in 2011. She inherited her entrepreneurial spirit from her mother, who pursued her passion for making clothing and owned a sewing company for over 20 years.

Kim has a passionate love for sweets. Her favorite desserts are chocolate chip cookies, cupcakes and, of course, donuts! The choice to start a business as a mini-donut caterer was an easy one. Kim wanted a business that not only gives her fulfillment, but also brings joy to others.

And who doesn't like the taste and smell of freshly made mini-donuts? The smiles she gets when serving her mini-donuts were her inspiration for creating the tag-line, 'we make donuts, we make smiles.' Kim's goal is to keep bringing smiles to people's faces and to create jobs for others.
